GUNNERS GIVEN NOISY WELCOME

Thousands of People Throng Streets of Twin Cities to Witness the Men Parade.

PROUD OF ARTILLERY

Citizens From All Parts of Minnesota Flock to St. Paul and Minneapolis to Join in Reception to Heroes From Europe.

Minneapolis, May 8.—Braving a mile-long barrage of welcome roaring over their heads and into their very ranks, Minnesota's victorious soldiers marched through the heart of Minneapolis into the hearts of their waiting home-folks.

Soldiers, sailors and marines, wounded boys and girls who softened the anguish of wounds; fighting pals from our sister country to the north; state and city officials; military staffs and welcoming committees—all combined in a procession of victory through aisles of cheering, shouting humanity; by many thousands the largest concourse of people ever assembled in Minneapolis.

Nicollet avenue was transformed into a Way of Welcome, a Boulevard of Victory, lined from curb to cornice with bunting and flags and bordered with joy-mad thousands. Windows, roofs, balconies, and parapets were fringed and filled and laden with hundreds more, bands were drowned in cheering, and over all the watching airplanes circled and dipped and soared.

From The Gateway to The Parade marched the fighting men of the North Star state, led by the gallant 151st field artillery in honor of whose return from France the day had been set apart.

Longer parades have been given in Minneapolis; more brilliant spectacles have been seen in its streets and parks; yet the procession engendered deeper feelings than any other in the city's history.

Wild Welcome at St. Paul.

St. Paul, May 9.—They come back veterans. Eyes to the front, even though friends called to them by name from the crowds along the line of march, the 151st United States Field Artillery marched as on parade through downtown St. Paul. It was their first review on Minnesota soil.

Bronzed, carrying their gas masks and wearing their tin hats, but having no sidearms or guns, they marched through a yelling, horn tooting, whistling, delicious crowd that pressed against the ropes and surged forward to get closer to the Minnesota boys who fought from Chateau Thierry to Sedan.

It took the parade an hour to pass the reviewing stand at the St. Paul postoffice. It is estimated that more than 25,000 persons saw the artillerymen march by.

Chicken Dinners Served.

When they had finished they were given dinner in St. Paul hotels and clubs. It was some dinner, 2,000 chickens having been prepared.

Then, on schedule time, they were to entrain at the Great Northern station for Minneapolis.

WILSON TO CABLE ADDRESS

President Will Be Absent When Congress Convenes.

Washington, May 9.—As President Wilson will not be present at the opening of the special session of Congress, May 19, he will cable his message from Paris, and it will be read immediately after Congress convenes. This was announced at the White House.

Cable advices indicated that the President would not hasten his return to Washington. There was no intimation as to when he expected to return, but the general belief now is that this will not be before June 1.

QUIBBLE ABOUT \$83,000,000

Heirs of Late Jay Gould Seek Removal of George as Executor.

New York, May 9.—The heirs of Jay Gould, the railroad financier, are in a quarrel over the administration of the \$83,000,000 estate he left them. His son, George J. Gould, chief executor of the estate, is required by a state supreme court order to show cause why he should not be removed.

W. H. DAWSON PASSES AWAY

Organized First Camp of Modern Woodmen in Minnesota.

Minneapolis, May 9.—W. H. Dawson, chief inspector of the Modern Woodmen of America, organizer of the first camp of Modern Woodmen in Minnesota and for many years state deputy of the order, died at his home following a long illness.

Battleship Steel Ordered.

Washington, May 9.—Acting Secretary F. K. Roosevelt, signed a navy order for structural steel sufficient to keep in progress the work on the three battleships being built at the New York, Norfolk and Mare Island, Navy yards.

LADY READING

New Photograph of British Ambassador's Wife.

Lady Reading has departed from Washington with her husband, for he has completed the special work for which he came here as British ambassador and has gone home. This is a new photograph of Lady Reading.

APPEAL TO PRESIDENT

Liquor Dealers Ask Cancellation of July 1 Order.

Claim Closing of Saloons Will Throw About Two Million Men Out of Employment.

Atlantic City, N. J., May 9.—The National Liquor Dealers Association in session here, adopted a protest to President Wilson against the enforcement of the July 1 dry executive order.

The association requests the president to suspend the order which "would add 2,000,000 men to the army of unemployed in the nation." It sets forth that there are 85,000 liquor dealers "who would be subjected to an inexcusable injustice, a sacrilegious and tyrannical confiscation of their business rights and besides the government would lose the taxes on 50,000,000 gallons of stock on hand."

It was contended by F. A. Bollen, New York, counsel for the allied interests engaged in the liquor industry, that 19 or the 36 states that were proclaimed as having ratified the prohibition amendment had laws compelling the submission of such an amendment to referendum and that until the amendment had been ratified by the people it was not constitutionally enacted.

German Treaty Meets With General Approval

BY FRED S. FERGUSON, (United Press Staff Correspondent)

Paris, May 9.—Work on the Austrian treaty is nearing completion it was learned today. The big four called in its economic and reparation experts to go over the details of that section of the pact.

Aside with dissatisfaction with the apportionment of mandates over former German territories on the part of some of the allies the German treaty apparently meets with the full approval of the allied delegates themselves.

Not Over Dozen Senators Will Oppose Treaty

(By United Press)

Paris, May 9.—Members of the American peace commission informally discussing the submission of the treaty to the senate, predicted today there would be no more than a dozen votes in opposition.

DESIRE FOREIGN CONTRACTS

American Shipbuilders Anxious for Ban to Be Raised.

Washington, May 9.—Chairman Hurley of the United States shipping board has cabled President Wilson outlining the desire of American shipbuilders for foreign orders and requesting information as to when such orders may again be taken.

The prevailing official opinion here is that the ban on foreign contracts will be lifted soon after Germany signs the peace treaty—possibly before.

CAPTAIN TARDIEU REPORTS

Finds More Than Half of France's Youth Slain in War.

Paris, May 9.—Captain Andre Tardieu, head of the general commission for Franco-American war matters, recently announced he had made an investigation into the number of French soldiers killed between the ages of 20 and 31. He found that 58 per cent had lost their lives. That is, that more than half of France's youth has disappeared.

SOLDIERS KILL 21 SUSPECTS

Bavarians Storm Prison and Slay Persons Under Detention.

Copenhagen May 9.—A Munich dispatch received here states that following the arrest of some 30 citizens there for holding a prohibited meeting, a party of Bavarian soldiers broke into the prison and killed 21 of the persons under detention.

Harvester Company Earnings.

Chicago, May 9.—Earnings of the International Harvester company for 1918 totaled \$14,985,000, according to the annual report given out here. The report covers the operations of the merged companies. Due to this fact, the 1918 earnings exceed the 1917 earnings by \$2,326,000.

President Makes Appeal for Victory Loan Success

(By United Press)

Washington, May 9.—President Wilson today appealed to the American people to make the Victory Loan "a great popular thanks offering," in a cable to Secretary Carter Glass. The president declared a victorious peace should be accompanied by a financially successful loan. The St. Louis federal reserve district was reported today to have finished its job, and is believed to be the first district over the top.

Four Transports With 10,000 Men Arrive

(By United Press)

New York, May 9.—Four transports carrying 10,532 American soldiers home from the war arrived here today. They were the Mongolia, Great Northern, Santa Cecilia and Kentuckian. Large numbers of Michigan and Wisconsin men were aboard the Great Northern.

Chicago Chosen for First Convention of American Legion

(By United Press)

St. Louis, May 9.—Chicago was chosen for the first national convention of the American legion and the date set was Nov. 11th, memorializing the signing of the armistice.

Proposal for National Referendum of Treaty

BY L. C. MARTIN, (United Press Staff Correspondent)

Washington, May 9.—President Wilson is to be asked by the senate how he regards the proposal for a national referendum on the league of nations covenant. The leaders said today they expected the president to oppose it on these grounds: First—that it necessarily involves separation of the treaty and covenant; second—delay, and third—unnecessary.

Lone Bandit Holds-Up White Bear Bank

(By United Press)

White Bear, Minn., May 9.—After locking the cashier in the vault, a lone bandit believed to be C. H. White, a discharged soldier, at noon robbed the White Bear State bank of four thousand dollars. The police and citizens captured him, as he was about to depart in an automobile.

Immigration Inspector and Smugglers Killed

(By United Press)

Laredo, Texas, May 9.—Immigration Inspector Charles Hopkins and three Mexican smugglers were killed. Ira Hill, inspector, was wounded, and a fourth Mexican was fatally wounded in a battle between smugglers and inspectors in the Rio Grande last night.

Germans Claim the Right to Talk

(By United Press)

Berlin, May 9.—The government has instructed its delegates to make counter proposals and claim the right of oral discussions, declared Chancellor Scheidemann in a speech.

REFUSE ARMISTICE TERMS

Hungarian Anarchists Will Not Surrender to Roumanians.

Copenhagen, May 9.—The Hungarian Communist government has refused the armistice terms offered by Roumania and has decided to fight to the utmost, a dispatch from Budapest says.

In reply to the Hungarian request for an armistice the Roumanian government demanded the disarmament of the forces fighting against Roumania and her allies in the present operation, the surrender of war material and the return of prisoners and hostages without reciprocity.

N. C. 4 Landed at Chatham, Mass.

(By United Press)

Chatham, Mass., May 9.—The trans-Atlantic seaplane N. C. 4, which became disabled while flying from Rockaway Beach to Halifax, landed at the naval air station here at five eighteen o'clock this morning. She was forced to turn back for minor repairs to engines, and will go to Rockaway Beach for permanent repairs. If completed in time she will try to catch the other sister flyers at Trepassey bay for ocean jump.

Second Flight of Seaplanes Postponed One Day

(By United Press)

Washington, May 9.—The jump-off of the N. C.-1 and the N. C.-3 on the second leg of their trans-Atlantic flight from Halifax to Trepassey Bay has been postponed until tomorrow the navy department was advised from Halifax this afternoon. The two planes arrived at Halifax at 7:58 last night, landing successfully after nine hours flying.

ONE MACHINE MISSING

Two Naval Airplanes Have Arrived Safely at Halifax.

Trans-Atlantic Flight Has Been Begun and First Leg of the Journey Covered.

Washington, May 9.—Two of the navy airplanes, the NC-1 and the NC-3, which started from Rockaway, L. I., arrived in Halifax on the first leg of the trans-Atlantic flight without mishap, while the third, the NC-4, which developed engine trouble early in the flight, apparently is lost, and navy officials are bending every energy in locating it.

No report of the missing machine commanded by Lieut. Com. A. C. Read has been received since the machine passed the destroyer McDermut about 60 miles north of Cape Cod, and less than half way to Halifax.

The NC-3 took the water at Halifax at 7:55 p. m. and the NC-1 10 minutes later. Commander Read of the NC-4 reported to the Navy department by radio at 2 p. m. through the Chatham, Mass., station, that his plane was experiencing engine trouble and might be forced to land. The message as transmitted to the navy department said: "We are running on three motors, all troubles on one and may have to land."

Commander Towers with the NC-1 and NC-3 made the trip to Halifax in less than nine hours, the distance being about 825 miles.

Nothing Wicked at All About This--Only "Ringing" Soda Pop While Waiting at Brest

Even the most rabid prohibitionist can safely read about this picture without being shocked. There isn't a kick in a single bottle. Only ginger ale and soda pop. Doughboys waiting at Brest for transports to bring them home have to kill time, and this is one of the ways they do it. It is the old Coney Island game of tossing the ring, except that in France they say: "Come on boys, come on! Five rings for five sous! If you ring it it's yours."

Mrs. John A. Logan has been awarded the Belgian medal of Queen Elizabeth by the king and queen of Belgium for her work as chairman of the Washington committee.

FOREIGN DELEGATES COMING

British and French Will Attend Educational Convention.

Milwaukee, May 9.—Both the British and French governments have announced that they will send official delegates to the convention of the National Education association to be held in Milwaukee June 28 to July 5, to discuss problems of international importance in the educational field.

The British government will send the Right Hon. Herbert Lewis, M. P., parliamentary secretary of the board of direction, and France will be represented by Prof. Feuilleter of the University of Rennes.

PAPERS DENOUNCE TREATY

German Press Considers the Indemnity Excessive.

Berlin, May 9.—The press, commenting on the advance summary of the peace terms, declared that several of the points could not be accepted. The Tagblatt, for instance, said that 100,000 soldiers is not sufficient to maintain internal order and security. "We desire to have an eternal state of anarchy."

The newspapers pronounced the indemnity excessive and denounced the disposition of Danzig and the Saar valley.

Denies Receiving Aid From Reds.

Dublin, May 9.—Parry Boland, secretary of the Sinn Fein, declared that a report that the Russian Bolsheviks had voted 500,000,000 rubles a month to aid the Sinn Fein, is "absurd and an anti-Irish canard."

Chinese Telegraph Wires Cut.

Paris, May 9.—American Minister Reisch at Peking has informed Secretary of State Lansing that all wire communication out of Peking has been cut except for one wire, which goes to Siberia.

OFFICERS STUDY TERMS OF PEACE

United States Naval and Army Authorities See Germany Completely Impotent.

MILITARISM MUST GO

Not a Vestige of Vast Framework Built Up in Forty Years of Preparation for World Conquest is to Be Left Standing.

Washington, May 9.—Army omens here, after extended study of the military terms of the peace treaty, are convinced that the point at which it is proposed to start on limitation of armaments is the absolute extirpation of militarism in Germany.

Not a vestige of the vast military framework built up in 40 years of preparation for world conquest by Germany is to be left.

Measures have been formulated even to stamp out the military spirit bred so carefully in the people. Under the treaty any enterprise aiming at a military propaganda is forbidden and military education cannot be carried on except in the ranks of the army of 100,000. Such an army cannot perpetuate itself in any way or expand through turning trained men back to civil life as an unorganized reserve.

This feature of the military terms—the inhibition upon discharging from the army in any year more than 5 per cent of its strength—coupled with the 12-year enlistment period, it is said by American army officers, will prevent a recurrence of the scheme by which Germany was once able to throw off the yoke Napoleon sought to impose when he limited her army to a few thousand men each year. It was apparent, these observers said, that the lesson of that day had been completely learned by the French militarists generally credited with having devised the terms of the present treaty.

Make Army Distasteful.

The 12-year enlistment period required, it was said, was calculated to make the army highly distasteful to the average man. There can be for him no hope of advancement but only the drudgery of soldier life, for it will not be an expanding force. Officers doubted very much that the 100,000 men allowed could be maintained as required by voluntary recruitment.

Since the dismantling of the forts on the Eastern frontier it was assumed by some observers here that the treaty contemplated interposing Germany and its limited army as a buffer against the Bolsheviks in Russia.

Naval Terms Drastic.

The naval terms are if anything more drastic than those imposed as to the army, navy officers said. From a sea power claiming a strength second only to that of Great Britain, Germany will be reduced to a naval power virtually without rank in the world. The six battleships she may retain, the largest not to exceed 10,000 tons, would not dare risk action with any two modern dreadnaughts and every other department of the naval service is scaled down accordingly.

The same extreme severity characterizes the air terms, it was pointed out. All that Germany has learned of dirigible balloon building and navigation is to be scrapped.

PRESS OPINION IS DIVIDED

Paris Newspapers Comment on Terms of Peace Treaty.

Paris, May 9.—Newspaper opinion was divided here regarding the peace treaty.

"The crime of 1870 has been expiated but the crime of 1914 seems to have been considered irreparable," said the Matin. "It remains for France to pay war costs approximating 170,000,000,000 francs (\$34,000,000,000,000)."

Verite: "The treaty will not satisfy anybody. Those not wishing France to die of victory will not approve the treaty, which would force the French to ruin themselves by paying the costs of the war."

FIFTY MORE MEN SET FREE

Government Lenient With Violators of Espionage Law.

Washington, May 9.—Fifty more men convicted during the war for violation of the espionage act have been granted clemency by President Wilson on recommendation of Attorney General Palmer in pursuance of the recently announced policy of being lenient to those who have already served a year or more in prison, and whose sentences in the stress of war times now appear excessive.

Only one complete pardon was given, according to the announcement by the Department of Justice.

Want Canadian Stars.

Vancouver, B. C., May 9.—Two members of the Canadian hockey team have received offers for coast sport engagements this summer. "Newsy" Lalonde is sought for the Vancouver lacrosse club, while the local baseball team is after Odie Cleghorn.

BETTER BISCUITS

Light, tasty, flaky biscuits, you never saw or tasted the like of them—so delicious that the folks will demand biscuits twice to where they ask for them once now, when the leavener is

CALUMET BAKING POWDER

"BEST BY TEST"

—a baking powder that makes it possible to be truly American in Baking Economy. There is no loss—no spoiled bakings—no re-bakings. It never loses its wonderful leavening strength—never varies.

Calumet is the world's biggest selling Baking Powder because it has proved to the world's housewives that it is the most dependable and economical. Used in the U. S. Army and Navy. A product of the largest, finest, most sanitary baking powder factory in existence. Try it. Have greater baking success, more delicious and wholesome foods.

CALUMET BISCUITS

3 Level cups flour
3 Level teaspoonfuls Calumet Baking Powder
1 Level teaspoonful salt
3 Level tablespoonfuls shortening
1½ Cups milk or water

How to Make Them—Sift all dry ingredients together. Then work in shortening thoroughly. Next add cold milk or water, mixing to a soft dough. Turn dough on floured board and roll out lightly till one-half inch thick. Cut into biscuits and lay in baking pan. Let stand for five minutes; then bake in hot oven.

This is positively one of the best biscuit recipes ever formulated. Cut out and paste in your recipe book for future reference.

A Word of Warning Worth Listening To

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

2 SPEAKERS AT BIBLE MEETING

Rev. John A. Swanson and Rev. C. W. Foley of Northwestern Bible School of Minneapolis.

AT SWEDISH BAPTIST CHURCH

Swedish Baptist Quartet Sang Last Evening and Rev. W. J. Lowrie Made Announcements

There will be two speakers at the Bible conference this evening, Rev. John A. Swanson and Rev. C. W. Foley of the Northwestern Bible School of Minneapolis. The session will be held at the Swedish Baptist church beginning at 7:45 o'clock. Mr. Brown, a singer from the same school will sing, also the quartet of the Presbyterian church.

There will be no morning or afternoon sessions tomorrow but the regular evening session will be held at which time Rev. Foley will speak. Sunday afternoon a union service will be arranged for 3:30 o'clock. The Sunday evening meeting will be announced later.

Yesterday Mrs. Adolph Johnson and Mrs. John Erickson entertained the ministers at a six o'clock dinner at the home of Mrs. Johnson. It was a very enjoyable and pleasant time for both the home and visiting clergymen.

The Swedish Baptist quartet sang last evening and Rev. Lowrie made the announcements. Rev. Porter conducted the song service. Rev. J. P. Welliver made the announcement of the organization of a northern Minnesota prophetic association to include all those who accepted the inspiration of the Bible as the inerrant word of God, the deity of Christ, substitutionary atonement, and the imminent return of Christ to earth.

Beginning tonight members will be received into this organization and the purpose more fully stated. It has been decided to make this conference an annual event in Brainerd and to conduct other ones in the towns adjacent. Arrangements have been almost completed for five like gatherings in the smaller towns tributary.

Rev. Swanson gave a splendid address last night on the subject "What Time Is It?" He took for his text, "Watchman, What of the Night?" It was a most excellent testimony to premillennial truths setting forth these truths in logical and clearest manner. There was a good attendance and great interest was manifested throughout.

The theme this evening to be used by Rev. Swanson will be "The Coming of Jesus the Crowning Event." A large crowd is anticipated and a cordial invitation is extended especially to those who have not made a study of the Bible from the standpoint of prophecy.

Among the things spoken by the preacher last night: "Christians or the church are not called upon to convert the world but to preach the gospel to every nation that every people may have a chance to accept or reject the testimony of Christ. Christ is responsible for the finish of His great redemptive work."

"We do not want dates we want Christ. Humanity has had a chance to show its quality in the government of the world now humanity is near its last chance." "Great progress is being made in the field of art and science but the work of the church is going slow. There are more heathen today than two thousand years ago when Christ was born. Unbelief and rejection of Christ is characteristic of the world today. Backsliders are many. Secularism is bitter and intensive. There is no prayer mentioned in the peace conference nor in the articles of the league of nations. Today is the time to awake to a better life in Christ. Four varieties of the Christian religion are the inspiration of the Scriptures, the deity of Christ, blood atonement, and the second coming of the Lord."

BETCH-U-WANA CLUB

Social Club to Give its Third Dancing Party at Gardner Auditorium May 27th

The Betch-U-Wana social club will give its third dancing party at Gardner auditorium on Tuesday evening, May 27, with music by Tibbitt's jazz orchestra.

At the Best Today and Tomorrow

Alice Brady, as Drina Hillard, in her latest picture, "Marie, Ltd.," is the essence of all that is lovely and charming. She is full of the joy and abandon of youth with that little touch of severity that marks early responsibility.

The picture is a fascinating one and certain to hold the interest of the most blasé theatre-goer. The story is centered about the hat shop of "Marie, Ltd.," one of the fashionable and exclusive establishments on Fifth Avenue.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

MEMORIES ON SPRING

Display Window at D. M. Clark & Co. Reveal Soft Bed Furnishings and Fishing Tackle

The window dresser at D. M. Clark & Co.'s, is a spring poet of the first magnitude for he has correctly sized up the spring fever situation. In one window is a mass of soft fluffy things from pillows and blankets to mattresses and flanking it in another window is a ravishing display of fishing tackle.

The one window with the sleep material has been labelled "It's nice to get up in the morning, but it's nicer to lie in bed."

The general cussedness of human nature to lie in bed is broken abruptly by a contemplation of the fishing tackle, for spring fishing requires early hours and the bobs and sinkers, lines and reels is enough to make a man shake his job and his out and catch all the fish the law allows or the game warden don't spot.

EVIDENCE OF EVOLUTION IN OPERATION

The formation of the League of Nations appears to me to be one of the most significant events in the known history of the human race. It should convince the most sceptical or the most pessimistic that we are, after all, moving, even if slowly, toward a time when the brotherhood of men will be a practical reality; when nations will recognize each other as brothers, and when war will be no more.

It is truly said that laws can not change human nature, but the experience which individuals enjoy or suffer is gradually impelling them to an attitude of kindness and of good will. The really intelligent man knows that good will toward all men is the best policy, but as his character has not been tempered by suffering, his sympathy and good will is not developed enough to overcome his selfish interest and ambition.

No one denies the intelligence of the kaiser, but his selfish ambition led him, as it finally will lead all, to a condition of mental suffering. This suffering will, as a rule, tend to a change of heart or will, soon, even for him. Nature is doing its redeeming work through the law which we call the law of compensation and retribution. No one can cheat nature. Sooner or later, everything must be balanced in the scale of justice. When one gives proper attention to his own experience, the experience of others and of nations, this law of nature and life appears as clear as daylight.

How God through natural law helps man to develop his own character toward perfection, must partly remain a mystery to all those who do not recognize the pre-existence of man and the fact of reincarnation. The ancient teaching of the rebirth of all men explains better than anything else the progress of the human race. This rebirth takes place over and over again until the individual has learned the lesson which nature or God intended it should learn on the physical plane of life.

When the so-called religious nature of man is liberated enough to enable him to make an impartial investigation and decide a question by the light of reason, he will find that even religion is subject to natural law. Hence, a true religion must become scientific. Without this it

would be impossible to ascertain the truth. When these facts are recognized by all earnest men, there will be no sceptics but the world will be full of real students.

We are moving in the right direction. The human race will become free religiously, politically and economically through the slow process of experience. Knowing this, our hopes are in the future, our faith is a constant light and comfort, and our lives are happier.

LARS ERICSSON.

Child Welfare.

St. Paul, May 9.—One of the most important meetings ever held on child welfare in Minnesota opened here today with representatives from every county in the state.

The state board of control called the meeting, which will hold sessions two days and request that representatives of every child welfare board in the state be present. Invitations were also extended to probate judges, probation officers, child welfare workers, county nurses and representatives of board of county commissioners.

The work of the state institution will be outlined by experts in charge and state officials. Health of children generally, infant clinics and county health nurses, child labor, compulsory school laws social investigations, work of the Red Cross in relation to children, uses of the juvenile court, adoption of children, feeble minded children and unmarried mothers will be topics for discussion during the meetings.

W. W. Hodson, director of the child welfare division of the state board of control declares Minnesota laws in relation to child welfare are far in advance of other states.

FASCINATING CHARACTER

Tribute to Ethel Strickland Who Plays Part of Mother in "Turn to the Right"

There is something very fascinating and sweet about Ethel Strickland, who plays the part of Widow Bascom in "Turn to the Right" at the Park theatre, Monday evening, May 12. It is not that there is any flaw in the make-up or in the delineation, allowing the really young woman to be discernible through the mimic old one. It is simply that Miss Strickland has an innate appreciation of her role which enables her to present that kind of lovable old lady from whom gray hairs do not take away the charm that abides in maidenhood itself. She is maternal, but not fussy so, she is dignified without stiffness; she sees her mental prototype as one of those gentle figures of the age of bonnet and gimp who, instead of inviting the cynicism of man, softened his rough edges and made his home a delight.

Again at the Park Theatre Tonight

Presenting what may be termed, perhaps, his most ambitious screen offering, David Wark Griffith displayed his splendid photoplay, "The Great Love," which deals specifically with the great awakening of the wealthy and exclusive classes of England with great success at the Park theatre yesterday.

For the first time in the history of motion pictures, Mr. Griffith portrays in this photoplay, the activities of the leisure classes of Great Britain, during the world war; their splendid and unselfish labor in caring for convalescent soldiers and their innumerable sacrifices. It shows not merely actors made up to represent these people, but the people themselves, the very flower of England's finest womanhood engaged in the noble task of succoring the brave sons of Britain, France and the allies of all the loyal nations, in their time of great suffering and sacrifice. "The Great Love" will be shown again tonight at the Park theatre.

LOST BOY AND MOTHER UNITED

Four-Year-Old Bobby Larson Strayed to Train and Boarded an M. & I. Afternoon Train Thursday

WAS PUT OFF AT THE HOSPITAL

Taken in Charge by Chief of Police Varner, Mother Searched Frantically for Lad

Of an investigating turn of mind, Bobby Larson, age 4, turned his attention to trains and depots, boarded a Minnesota & International passenger train, was discovered and put off the train at the hospital west of Brainerd and the police notified.

The M. & I. afternoon passenger is generally a sort of day nursery carrying 25 mothers and 30 kids and the conductor and brakeman are entitled to some praise in sorting out Bobby and leaving him in Brainerd.

Chief of Police Charles H. Varner then fell heir to Bobby, could find no parents and took him home to his house to supper. As the lost child appeared was working his way through a bowl of bread and milk his mother showed up and claimed him.

She is from Bemidji and is visiting friends in the city and told Chief Varner that the boy had developed a fondness for running away and that she was very grateful to all in being able to locate the boy. Bobby's father at one time was a trap drummer at the Best theatre, and is now in Montana in a jazz orchestra.

BAR ASSOCIATION

Has its Annual Dinner at Ransford Hotel; Election of Officers is Held

The Crow Wing County Bar association had its annual banquet at the Ransford hotel. Judge W. A. Fleming presided and many witty addresses were made and funny anecdotes told. The guests of honor were Judge W. S. McClenahan of Brainerd and Judge C. W. Stanton of Bemidji, both of the district court.

The Brainerd City band played several selections, the last number being "The Star Spangled Banner."

At the bar association election the officers named were: President, M. E. Ryan; vice president, S. F. Alderman; secretary-treasurer, Walter F. Wieland, all of Brainerd.

Among out of town guests was E. E. McDonald of Bemidji.

President Ryan is to appoint a committee on rules for the association.

The Brainerd City band dance given at Lum Park on Thursday evening attracted an immense crowd in spite of the threatening weather and every dance number was thoroughly enjoyed.

Twenty-eight men played under the direction of Richard H. Rehl. Leader and men were pleased over the attendance and the sum netted will form a nucleus to cover the expense account of the band when it plays at the band tournament to be held in St. Paul in June.

TUBERCULOSIS CLINIC SATURDAY

Dr. Walter L. Mattick of Deerwood Sanatorium at the Court House 11 A. M. to Noon

THE EXAMINATIONS ARE FREE

Clinics are Held Regularly on the Second Saturday of Each Month at the Court House

On Saturday, May 10, Dr. Walter L. Mattick of the Deerwood sanatorium, will hold the usual monthly clinic at the court house, from 11 A. M. to 12 M.

There are, undoubtedly, many in Crow Wing county who have a chronic cough; have lost weight, amounting from ten to fifteen pounds; have sleep-sweats, may have spat a mouthful of blood; and are incapacitated for their usual work. It is to such that these clinics should appeal, and it is earnestly hoped that all such will make it a point to attend.

For any who may be unable to come to this clinic, it will be remembered that these clinics are held at the above mentioned place on the second Saturday of each month.

25 BIDDERS ON WATERWORKS JOB

Mass of Figures Now Being Tabulated by the Water and Light Board and Engineer

NO CONTRACTS YET AWARDED

Firms Represented From St. Paul, Minneapolis, Troy, Birmingham, Fargo, Eveleth, Etc.

Over twenty-five large firms of the west and east had bids in at the city council session for furnishing labor and material, etc., for the construction of the improved water system in Brainerd, for payment of which the city recently voted \$300,000 bonds.

The work was divided into five items. Item No. 1 concerned the distribution pipe system, No. 2 the water tower, No. 3 the open well, No. 4 the buildings and No. 5 the pumping plant.

As a rule the bidding covered items and no one bidder made a bid for all five items. So complicated was the figuring involved and the tabulation that the council merely received the bids and the water and light board and consulting engineer then went over all bids. No successful bidders have yet been announced.

GRAND JURY CONCLUDES

Five Secret Indictments Returned, Names Not Revealed Until Parties in Custody

The grand jury in session at the May term of the district court concluded its labors and was discharged on Thursday afternoon. Five indictments, all secret, were returned. Owing to the state supreme court decision a large number of liquor cases were taken from the jurisdiction of the state district court to the federal court.

Two men were arraigned before Judge W. S. McClenahan in district court, Uma Hill and Carl Carl charged with assault in the second degree.

BLOCKADE RUNNER

Mike Vukovich, Charged With Bringing in Booze to Ironton—Loses His Car

Mike Vukovich, charged with running the blockade into dry Indian country and taken in custody at Ironton, is well known to E. G. Boyd, special officer of the Indian agents. It is reported he was seen delivering booze and the Ironton police seized the liquor. Vukovich leaped from his car and there was a clink to the bottles in the sack he carried. Vukovich escaped to the woods and the car, a big Studebaker six, was seized.

MAKES RECORD IN SALES AT BRAINERD

C. B. Monroe, Representative of the Flick Sales Co. of Minneapolis, Had Two Sales

JOHNSON BROS AND LINNEMANN

Raised \$7,500 for Johnson Bros. and Over \$17,000 for the H. W. Linnemann Store

C. B. Monroe, representing the Flick Sales Co. of Minneapolis, has made a record in merchandising in Brainerd, having conducted two successful sales within the period of a few months.

In 13 days he raised \$7,500 at the first sale, that of Johnson Brothers, well known clothiers of Brainerd who were going out of business. Mr. Monroe pleased them so well that it was instrumental in his getting another commission in Brainerd two months later, that of the Linnemann store.

In 21 days his work at the H. W. Linnemann "Reorganization Sale" raised over \$17,000.

Mr. Monroe has made many friends, has pleased the merchants employing him, has satisfied the customers and his liberal use of printer's ink has made him the friend of every newspaper, for his advertisements are clear, strong, forceful, well-written and the copy is good.

The advent of Mr. Monroe in any town means business and a live town so far as merchandising, newspaper advertising and general results are concerned.

TO SPEAK AT 1ST METHODIST CHURCH

Rev. Charles Nelson Pace, D. D., pastor of the large First Methodist church of Duluth, will speak at the First Methodist church this city on Sunday morning next. The local congregation were fortunate in securing him for this date as a large religious convention in his church made him available. He is a very popular speaker and is a very successful man in building up the activities of his church. His subject is not announced but he will speak on some phase of the centenary movement which is moving the Methodist church to such remarkable activity.

Rev. E. A. Cooke will preach in Pine River Sunday morning, when his pulpit is filled by Dr. Pace.

HOW WONDERFUL BAND RECEIVED ITS NAME

It was the first Christmas away from home for these boys and the snow and wind of a rather gloomy day blowing through the broken windows and cracks in the building did not add to the cheer. The band, as usual, was doing its best to help make the time pass merrily for the soldiers and General Hunter J. Liggett, later famous as commander of the American first army in France was the guest of honor at the festivities. After one of the numbers of the band which received an enthusiastic ovation from the boys General Liggett sent his chief of staff to Director Harold Bachman, who presenting the General's compliments said that his Commander wished him to tell the band men that this was the best band he had heard in the American Army in his forty-one years of experience.

This compliment seemed to inspire the men to even greater efforts for after the next number by the band General Liggett turned to Colonel Walker, commending the band and exclaimed "Colonel, that band is worth a million dollars to the United States Army." It is said that the officers of the regiment were nearly as well pleased at the compliments as were the members of the band.

They soon began to talk of the MILLION DOLLAR BAND and the name followed this band where-

Big Car Comfort--Small Car Upkeep

For the man who appreciates smart appearance and fine workmanship, yet doesn't care to invest a small fortune in a car and its upkeep, the ELCAR FILLS THE BILL. It's a wonderful car in every sense of the word. It's a roomy, easy-riding car, with 116-inch wheel base, deep cushions and long springs.

It's a car you will be proud of—Designed in long, sweeping lines—finished in faultless style. It stays GOOD LOOKING.

It's a mighty practical car to own. 18 to 22 miles are averaged to the gallon of gasoline. 1,000 miles to the gallon of oil is the rule rather than the exception.

Tires give exceptionally long service, the result of light weight and correct balance. Repair expense runs very low, due to sturdy construction. Every part is built 150 PER CENT STRONG. The motor is speedy, with abundant power for the hard pulls.

The Elcar will serve you economically, dependably and long. We feel fortunate in being able to offer so good a value this year, and recommend that you see the car and see us at once. Our allotment of these wonderful cars is limited.

Manufactured by the Elkhart Carriage & Motor Co. Elkhart, Indiana. Builders of good Vehicles since 1873

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Cut This Out—It is Worth Money

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Duan.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Too Cool for Comfort.

The coldest place on earth inhabited by man is Verkhoyansk, above the arctic circle, in northeastern Siberia. The thermometer there drops to 90 degrees below zero in January, but sometimes rises to 80 degrees above zero in the shade in July, dropping, however, to the freezing point on the warmest summer night.

Let the Children Grow

Coughs, colds, "snuffles," that hang on tend to weaken the system and a suffering, neglected child spends so much strength combating a cold that the little one cannot grow as fast and sound in body as when free from affliction. Foley's Honey and Tar is splendid for coughs, colds, croup, whooping cough. H. P. Duan. mwf

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

Chamberlain's Tablets
